

## **To mozzie sailors travelling to SA for the 2021-22 National Titles**

As the SA borders are now partially opened to interstate travellers and promise to open further on November 23 (with conditions), it has been decided to conduct the national titles at Victor Harbor in January 2022 (see mosquito national website <https://theracingcat.com/>). The following is some information gleaned from the SA Health website concerning travellers from interstate and is current. Some information is relevant for SA sailors also.

Please read, following links, take note of the relevant details, get prepared, keep up-to-date. (Do your own research.)

### **South Australia COVID-Ready Plan**

<https://www.covid-19.sa.gov.au/response>

The [COVID-Ready Plan](#) outlines the safe easing of restrictions and how COVID-19 will be managed in South Australia.

This includes the lifting of jurisdictional borders in the first instance and subsequently restrictions on activities across the coming months, along with ensuring a strong health response to manage COVID-19 cases.

The COVID-Ready Plan is based on health advice and expert modelling. It outlines a measured and clear path out of the pandemic, ensuring COVID-19 can be controlled when it enters South Australia and prepares the state for living with COVID-19 in the longer term.

COVID safe behaviours will still be needed – getting tested for COVID-19 with any symptoms, no matter how mild, as soon as possible, along with physical distancing, hand hygiene and staying home when sick.

A link to the Covid ready plan: column 2 and 3 are most relevant.

### **From 23 November: Borders**

- Open borders to fully vaccinated people from all Australian states and territories (Quarantine will apply to LGAs with community transmission and less than 80% of the population fully vaccinated.)
- Vaccinated international arrivals require 7 days quarantine
- Unvaccinated authorised arrivals require 14 days quarantine

### **Activities**

Restrictions remain in place:

- Masks in indoor public settings
- Current density and activity requirements
- 30 people at home gatherings
- Private activity cap of 150 people

Travelling to South Australia: follow link and please read, take action accordingly.

### **COVID Safe Check-In**

All travellers to SA should download the mySA GOV app from [Google Play](#) or the [App Store](#) prior to travel to South Australia. Plane arrivals are required to use the COVID Safe Check-In to scan a QR code specific to the Adelaide Airport immediately after their arrival.

General retail premises, and businesses that conduct a [defined public activity](#), an activity with more than 100 people attending, or passenger transport services must use the [COVID Safe Check-In](#) or other approved contact tracing system.

The QR Code will be issued upon the completion of an appropriate [COVID-Safe Plan](#).

The QR code must be displayed in the premises/business/venue.

All people entering the place must upload their relevant contact details to the approved contact tracing system. This upload is automatic when you use the COVID Safe Check-In to scan the QR code. Paper recording logs will be made available as a back-up for people who don't have a smart phone.

NB: Victor Harbor YC will also be implementing their own Covid Plan for the event as required by the SA Government.
